

In the Drawings:

Kindly substitute the accompanying replacement drawing sheet containing Figures 5-8 for the original drawing sheet containing the same figures.

REMARKS

Reconsideration of this application, as amended, is respectfully requested. By this Response, a corrected drawing sheet with the “wings” 7b labeled, is being submitted under cover of a separate letter to the Official Draftsperson. On the replacement drawing sheet, the “wings” 7b are now labeled in Figures 5-8. Entry and approval of the replacement drawing sheet are respectfully requested.

In the initial Office Action, Applicant was notified of the requirement under 35 U.S.C. 119(e) to include a specific reference to the prior-filed priority application in the first sentence of the specification following the title or in an Application Data Sheet. Applicant notes that the original Application Data Sheet filed along with the current application included the required priority claim. This priority claim was recognized on the original Filing Receipt and perfected by the concurrent submission of a certified copy of the priority application.

Accordingly, Applicant believes that all of the requirements for perfecting the priority claim have been timely satisfied.

In the initial Office Action, the original drawings were objected to under 37 C.F.R. 1.83(a) and 1.84(p)(5) as allegedly failing to show the “wings” of claim 4 and to include the related reference sign 7b, respectively. Under cover of a separate letter to the Official Draftsperson, Applicant is herewith submitting a replacement drawing sheet in which the “wings” 7b are clearly labeled. Accordingly, the Examiner is requested to reconsider and withdraw these objections.

Claims 1-14 have been provisionally rejected on the grounds of non-statutory obviousness-type double patenting as allegedly unpatentable over certain specified claims of co-pending Application No. 10/811,718. Claim 15 was rejected on the same grounds further in view of Fiffer (U.S. Patent No. 3,799,414).

A Terminal Disclaimer is being submitted herewith to overcome these provisional rejections.

There being no other outstanding rejections or objections, this application is now believed to be in condition for allowance and such action is respectfully requested.

If it would advance the prosecution of this application, the Examiner is cordially invited to contact Applicant's representative at the below indicated telephone number.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Jeff Rothenberg", written over a horizontal line.
